Ph. :- +91-8171683535, 8218781151

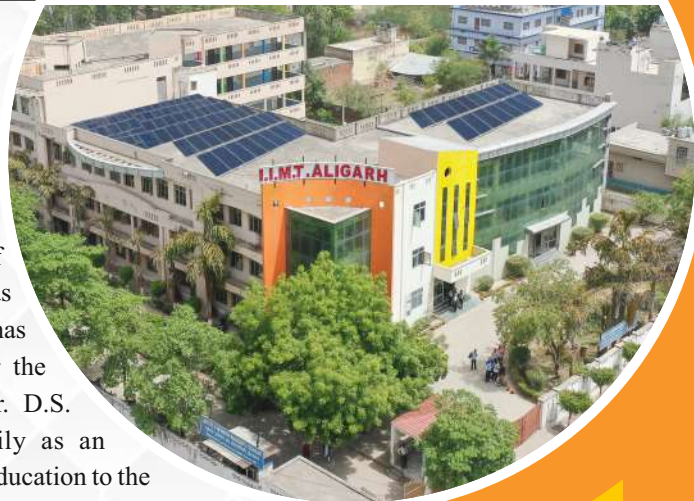

About The Institute:

Institute of Information Management & Technology (IIMT) symbolizes the quest for excellence in Higher education. It is a premier Institution of Smart City, Aligarh. This Institute was established in the year 2000 by Manas Seva Samiti, a society formed under the guidance and inspiration of Late Dr. D.S. Mahalwar, an educationist, primarily as an international Social Center to provide education to the students of Aligarh and neighboring areas of U.P. as well as other states. The Institute recently completed its 25th year & celebrated its Silver Jubilee on 5th September, 2024.

The Institute offers UG & PG programmes in various disciplines like Management, Commerce, Computer Science, Education, Basic & Applied Sciences. It caters to more than 3000 students with well qualified faculty members it is a temple of learning for all round development of students. The campus is situated in the serene environs of Panchsheel Colony, Near PAC on Ramghat Road, Aligarh, spread over a sprawling campus of 10 acres. The world class infrastructure with 4G WI-FI campus includes spacious well equipped class rooms, well designed and furnished auditorium, well stocked library, modernized computer & language labs and science laboratories having latest technology equipment. Now it transformed into group of Institutions.

About College Of Management And Computer Science:

The college of Management and Computer Science at IIMT is offering various job oriented courses in Commerce, Management & Computer Science which include MBA (Masters of Business Administration) Affiliated to AKTU, Lucknow & Approved by AICTE, BBA (Bachelor of Business Administration) & BCA (Bachelor of Computer Applications). Both the courses were approved by AICTE. It offers M.Com.(Master of Commerce), B.Com.(Bachelor of Commerce) too, affiliated to Raja Mahendra Pratap Singh State University, Aligarh. A set of well qualified, dedicated and experienced faculty members is leading the faculty to the frontier of knowledge. The singular objective of College of Management & Computer Science is to facilitate and promote studies, research and extension of professional learning in the field of management and computer science thereby focusing on the transformation of today's generation into effective professionals with good career prospects to synchronize with the emerging needs of business specifically in the field of Marketing, Finance & Computer Science.

About The Conference “BIFASE-2025”

“Empowering Excellence: Unleashing Breakthrough Innovation for a Sustainable 5E Future”

Innovation is crucial to achieving sustainable development and progress. It is the need of the hour for the globalized community emphasizes on sustainable practices. The International Conference on Breakthrough Innovation for Accelerating a Sustainable 5E aims to address this pressing road by encouraging dialogues, collaboration, and action toward achieving sustainability across the five crucial dimensions of Ethics, Economy, Education, Environment, and Entrepreneurship(5Es).

The primary goal of this one day International Conference on “**BREAKTHROUGH INNOVATIONS FOR ACCELERATING SUSTAINABLE 5Es (BIFASE)**” is to present a unique opportunity to explore innovative approaches and solutions for accelerating sustainable development, by exploring the inter-connectedness of Ethics, Economy, Education, Environment, and Entrepreneurship. The conference aims to crystalize collective action towards building a more equitable, resilient, and sustainable future for all. Join us in shaping the agenda for sustainable development and driving positive change in our communities and beyond.

Conference Objectives:

- **Examining Ground breaking Innovations :** Using the 5E framework, look into creative concepts that could enhance sustainability for a range of industries.
- **Collaborative Problem-Solving:** To address road blocks to sustainable growth, promote interdisciplinary dialogue and teamwork.
- **Knowledge Exchange:** Create a platform where experts share best practices and lessons learned from the most successful sustainability initiatives and other.
- **Policy Suggestions:** Provide actionable insights and policy recommendations to influence legislators, businesses, and communities to adopt sustainable practices.
- **Empowerment via Education:** Promote initiatives that educate and increase public awareness to provide individuals and organizations the tools they need to achieve sustainable development.

The Intended Audience:

- Academicians and researchers
- Leaders and Practitioners in the Industry
- Government officials, policymakers, and representatives of civil society organizations and non-governmental organizations
- Young Leaders and Innovators

Call for Papers:
