About The Conference BIFASE-2025:

Innovation is crucial to achieving sustainable development and progress. It is the need of the hour for the globalized community emphasizes on sustainable practices. The International Conference on Breakthrough Innovation for Accelerating a Sustainable 5E aims to address this pressing road by encouraging dialogues, collaboration, and action toward achieving sustainability across the five crucial dimensions of Ethics, Economy, Education, Environment, and Entrepreneurship (5Es).

The primary goal of this one day International Conference on "BREAKTHROUGH INNOVATIONS

Approved by AICTE, New Delhi & Affiliated to AKTU, Lucknow

FOR ACCELERATING SUSTAINABLE 5Es (BIFASE)” is to present a unique opportunity to explore innovative approaches and solutions for accelerating sustainable development, by exploring the inter-connectedness of Ethics, Economy, Education, Environment, and Entrepreneurship. The conference aims to crystalize collective action towards building a more equitable, resilient, and sustainable future for all. Join us in shaping the agenda for sustainable development and driving positive change in our communities and beyond.

Conference Objectives:

1. **Examining Ground breakingInnovations** : Using the 5E framework, look into creative concepts that could enhance sustainability for a range of industries.
2. **Policy Suggestions:** Provide actionable insights and policy recommendations to influence legislators, businesses, and communities to adopt sustainable practices.
3. **Collaborative Problem-Solving:** To address road blocks to sustainable growth, promote interdisciplinary dialogue and teamwork.
4. **Knowledge Exchange:** Create a platform where experts share best practices and lessons learned from the most successful sustainability initiatives and other.
5. **Empowerment via Education:** Promote initiatives that educate and increase public awareness to provide individuals and organizations the tools they need to achieve sustainable development.
